Dr. N.V. Poppe
3007 Canal Street, N.W.
Washington 7, DC

Dear Dr. Poppe :

I am delighted to know that you are at long last in America. I hear that you are working hard in Washington being interviewed. It is quite agreeable with us that you should stay in Washington until our fall term begins at the end of September. This note is to establish contact with you and to tell you that I shall be writing you fully within a very short time about our plans for you work in Seattle.

Let me say again that everyone here is delighted at the prospect of working with you.

Sincerely yours,
Spd. George E. Taylor
George E. Taylor
Director
