We should be very grateful if the following questions could be put to Professor POFEE:

1. Is the University of the Toilers of the East still open?
If not, when did it cease to function?
2. Are there any clues to personnel or student roll (names and nationality break up)?
3. POFEE spent some time with the KARAGHAEV (1938-1939) and the KALMYKS (1941) comparatively recently. As both peoples have now lost their autonomous status presumably for war-time defection, we should like to get some information from POFEE about their political attitude to the Soviet Government and on general conditions in both areas.
