"GEORGE" - *DOB - 1912*

In message 5 of 10 March 1953, CAMUSO 2 reports "I have personal contact with two men — Because of conditions one helper knows pretty nearly all about me. —"

George is first mentioned by name in message 10 of 8 August 1953, (one year after dispatch). The last two references however, apparently apply to "George" inasmuch as later reports from CAMUSO 2 indicate it was he who recovered CAMUSO 2's equipment, and is also the one person among all of CAMUSO 2's contacts who is the most knowledgeable of the entire operation. If the assumption is accepted that message number 2 constitutes a reference to George, it would indicate then, that CAMUSO 2 has been in contact with George since at least 18 October 1952.
