REFERENCES			
EGNA-27138, 28 February 1964			
<p>1. Recently, we had an opportunity to follow-up with Identity (1) re the subject and his reasons for leaving CAVATA. Identity (1) said that the subject was a former SD officer who worked for the same Dresden office as UJDROWSY. During the war he was stationed in Norway. Identity (1) said that he traced the subject with the Norwegian service, who confirmed his SD status in Norway during the war but could add nothing further re his wartime activities. He was brought into CATIDE by Identity (2) who allegedly also was instrumental in the hiring of UJDROWSY. The subject apparently worked for Identity (2) prior to or during World War II. Identity (2) is now dead, however. The Bonn Base has now background on Identity (2).</p> <p>2. After an initial period with CATIDE the subject transferred to CAVATA as a <u>freie Mitarbeiter</u>. He tried very hard to obtain staff status, but Identity (1) said that he deliberately delayed taking action because of the subject's background. He was a fairly competent agent handler, but not outstanding. Finally, after repeated appeals re his application for staff status had been rejected, the subject resigned from CAVATA employment in 1959 and announced at the same time that he was returning to CATIDE. Identity (1) has heard nothing further from him.</p> <p>3. The Subject's daughter, Identity (3), began to work for CAVATA as a typist while her father was employed in Cologne. She later married and when her father moved away from Cologne, she stayed on and continued to work for CAVATA. She is currently still employed by CAVATA in an operations office outside the main building. This office is under the supervision of Identity (1). She is authorized to enter the main CAVATA building. Identity (1) emphasized that at no time would she ever have access to CALLIKAK material.</p> <p>4. The addressees will be advised of any additional information obtained on the subject. The above is for KUBARK only and not for passage to CATIDE.</p>
