<p>1. During his recent visit here, [redacted] mentioned the existence in London of IDEN 1, headed by IDEN 2, a British national. Our review of References and related traffic indicates that IDEN 1 conducts audience research, liaison with BBC and general research activities in support of and responsive to [redacted] office in Munich. As discussed in past traffic, particularly Ref B, IDEN 1's existence, and IDEN 2's associations, are known to SMOTH. We do not know whether SMOTH or JAGUAR is in touch with IDEN 2. We assume, however, that although not officially made witting, there is little doubt that IDEN 2 has for some time been operating under the correct assumptions about the identity of her ultimate employer. A PBCHORD Bureau is also maintained here under IDEN 3. It is not known if IDEN 3 is witting, but IDEN 4, associated with this office, has been made aware of the WOFIRM connection.</p> <p>2. For its part, [redacted] has an immediate interest in both the Soviet target and in WOFIRM relations with SMORANGE concerning it: The two offices mentioned above consequently become a subject of our interest both from the point of view of substance and of liaison. We have little doubt that their continual and immediate involvement with the Russian community here would enable them to contribute valuable background information on occasion. As you know, for example, the periodic emergence of defectors, claimed defectors and informants of all shades of interest - Dinces and Gurvitch being the two most recent examples - are frequently matters of mutual concern to ourselves and both SMOTH and JAGUAR, and often raise questions on which PBCHORD elements here might prove most informative and helpful. From the viewpoint of our liaison responsibilities, moreover, we would welcome the ability to keep up-to-date on the personnel and interests of such offices which SMOTH identifies with WOFIRM and about which it will turn to [redacted] should any questions arise.</p> <p style="text-align: right;">FEB 7 1968</p>

3. Given the above, we request permission to establish a witting contact with IDEN 2 and either IDEN 3 or IDEN 4, as Headquarters prefers. Such contact would be acknowledged to SMOTH. The purpose of this contact, as suggested above, would be that of keeping [] generally informed about the activities of these two offices in the same manner that a similar contact already is maintained by the [] CA officer with the local TDFEELING representative. [] has discussed this proposal with [] who posed no objection from his side, while noting that the suggestion be addressed to Headquarters.

4. We therefore request a POA and approval for contact with IDEN 2 and either IDEN 3 or 4. Biographic background is unavailable here on these individuals but is presumably on file either at Headquarters or New York.
