DISPATCH		CLASSIFICATION S E C R E T	DISPATCH SYMBOL AND NO. ECMA 37996
TO INFO	Chief, IO EE, KUKNOB/Electronics (Attn: <input type="checkbox"/> <input type="checkbox"/> , COS/ G		HEADQUARTERS FILE NO. 200-124-39/3
FROM	Chief of Base, Munich <i>DM</i>	DATE	21 October 1958
SUBJECT	DT/DORIC/QKACTIVE/Intelligence Listener Reaction to TPLINGO Broadcasts	RE: "43-3" - (CHECK "X" ONE)	
		<input type="checkbox"/> MARKED FOR INDEXING	<input checked="" type="checkbox"/> NO INDEXING REQUIRED
ACTION REQUIRED	Please pass all TPLINGO "Listener Reaction" Reports to KUKNOB		INDEXING CAN BE JUDGED BY QUALIFIED HQ. DESK ONLY
REFERENCE(S)	<p>1. At the completion of the recent conference² on broadcast reception³ and jamming in the Sino-Soviet bloc. <input type="checkbox"/> had a long conversation with <input type="checkbox"/> <input type="checkbox"/> The subject of this conversation centered largely on the lack of evidence - from KUKNOB records - of reception of TPLINGO broadcasts in the Soviet Union.</p> <p>2. It developed in the course of the conversation that this lack of KUKNOB evidence of TPLINGO broadcast breakthroughs to the Soviet populace was due in part to the fact that TPLINGO, like TPFEEELING and others, had never participated in the listeners survey program which requires the completion of Form 1271 "Questionnaire on Reception of U.S. and Other Broadcasts to the European Soviet Bloc."</p> <p>3. In lieu of using this form, TPLINGO has long been publishing its series of "Listeners' Reaction" reports - and to a lesser extent, of "Regime Reaction" reports. Munich Base had on file a large, though incomplete, set of these reports which were shown to <input type="checkbox"/> <input type="checkbox"/> who were in agreement that they were not aware of the volume of listener reaction which these reports represented. Apparently in the past they have not regularly received copies of this series.</p> <p>4. After sampling some of these reports and discussing the matter with <input type="checkbox"/> <input type="checkbox"/> it was agreed by <input type="checkbox"/> <input type="checkbox"/> that the type of information which TPLINGO was receiving in soliciting information for these reports did not lend itself to the completion of Form 1271. It was agreed, therefore, that in contacting sources of the type who provided data being published in "Listener Reaction" series by TPLINGO, it would be better to continue to use the present "Listener Reaction" format rather than attempt to adapt interviews of this kind to the requirements of Form 1271.</p> <p>5. Besides discussing the "Listener Reaction" series, <input type="checkbox"/> <input type="checkbox"/> also went into the results which were obtained from TPLINGO's contacts with the Spanish repatriates. Again it appeared as though Toorock had not been furnished the data resulting from this program. He will take steps to get copies of the Spanish repatriate questionnaires upon his return to Headquarters.</p> <p>6. Another item which <input type="checkbox"/> <input type="checkbox"/> brought up was the current TPLINGO effort in Greece with respect to interviewing Greek repatriates. <input type="checkbox"/> <input type="checkbox"/> assured <input type="checkbox"/> <input type="checkbox"/> that steps would be taken to insure that <input type="checkbox"/> <input type="checkbox"/> would receive copies of these questionnaires.</p> <p>7. Finally, in connection with this discussion, <input type="checkbox"/> <input type="checkbox"/> asked that the following paragraph which he prepared be transmitted to Headquarters as a part of this dispatch:</p> <p style="text-align: center;">"During the recent Jamming Conference KUKNOB representatives were able to list only eleven evidences of listening to TPLINGO"</p> <p style="text-align: center;">DECLASSIFIED AND RELEASED BY CENTRAL INTELLIGENCE AGENCY SOURCE METHOD EXEMPTION 3028 NAZI WAR CRIMES DISCLOSURE ACT DATE 2007</p> <p style="text-align: right;"><i>200-124-39/3</i></p>

in 1957-1958. This fact indicates that "Listener Reaction" reports are not reaching KUKNOB. This distortion emphasizes the importance of making Chief/BGACTRESS/RQM aware of all QKACTIVE confidential information reports from FBCHORD, as suggested previously by [] [] KUKNOB representatives have requested permanent receipt of all listening reports and will be in contact with BGACTRESS on return."
