MEMORANDUM TO: MOB Reports Officer

SUBJECT: CS Reports Based on PBCHORD Material

1. This memo is to formalize information previously passed informally.
2. It is necessary to use the standard source description ("well-informed Soviet expatriates (c)," acquired: Munich) on all reports based on PBCHORD material. Naturally the project name should also be used for proper crediting at Headquarters.
3. This is necessary because ODAGOG members have been alerted concerning the special meaning of this description, in order to avoid false confirmation in case overt reports subsequently reach them through other channels.
4. Source descriptions for particular individuals should be coordinated and standardized with NMG first, and used in addition to the standard source description above.
