1. spoken to about this case and since it appears likely that we may have some information additional to that held by attaching full particulars of STEWART-SMITH. JAGUAR. We are

2. You should know that in addition to the straightforward biographical details which I append, our records show that STEWART-SMITH was requested to resign his commission on 10th July, 1960, because of "an illegal act on the Cameroun Republic frontier and for disobeying orders". This "illegal act" was "improperly and without authority taking a British patrol from Nigeria into the Cameroun Republic. During the patrol an African suspect was wounded and abandoned. The man subsequently died. Due to legal and political difficulties, it was not possible to charge Lt. STEWART-SMITH with murder or manslaughter. After the return of the patrol, Lt. STEWART-SMITH repeatedly lied to his Commanding Officer". These quotations are taken from War Office letters to the Foreign Office.

While we have no objection to the straightforward details contained in the appended summary being used as a basis to brief your contact in New York, we would not wish the information contained in the immediately preceding paragraph to be used in the same way and hope that you will make this point clear in reporting back to your Headquarters.

SECRET

3. The Foreign Affairs Circle appears to have been formed in December 1962. We understand that the aims of the organisation are

To form a centre of influence which shall attempt to persuade both the British people and their Government that it is in the national interest to alter the present foreign policy in its relation to the communist countries along the following lines:-

Defensive

1. To study communist ideology and to warn the British people of the threat to their freedom implied in it.
2. To collect, assess and distribute information on communist techniques of penetration and infiltration throughout the non-communist world, covering propaganda, political, economic, subversive and military warfare.
3. To co-ordinate private British efforts with those of governmental departments and similar official and private organisations in foreign countries with regard to policies for preventing the further spread of Communism, whether by technical, financial, psychological, propaganda, subversive or military means.

Offensive

1. To propagate the idea that the cold war will only be won if the leaders of the British nation have the will to win it, and the determination to carry it through to complete victory. It specifically rejects both the policy of containment and of outlasting Communism, and it shall strive for nothing less than the total elimination of Marxist totalitarianism.
 2. To propagate in both neutral and communist countries the British sense of values as regards the rights of the individual and civil liberties, and the ideals of multi-party democracy.
 3. to foster and co-ordinate the study of tensions within the communist states.
 4. to maintain liaison with British political parties, government departments, private anti-communist organisations both within this country and abroad, and with opposition movements within the communist bloc.
 5. to carry out a psychological, political and propaganda offensive in liaison with democratic anti-communist opposition movements, with a view to hastening the overthrow of Communism and its replacement by political administrations responsible to the will of the people.
4. We hope that this information will be of interest to you.

Dudley Geoffrey STEWART-SMITH

Born: 28th December, 1933, in COLOMBO, Ceylon.

Married with two children.

Present Address: Church House, Petersham, Surrey.

- 1947-52 Winchester College 7 "O" levels, fluent French and basic Russian.
- 1952-54 R.M.A. Sandhurst
- 1954-56 The 1st Bn. The Black Watch, one year in Berlin.
- 1956-60 Colonial forces in Nigeria. Saw active service against Communist-dominated U.P.C. rebels in the Cameroons. Practical experience gained in subversive warfare working with Special Branch and Surete.
- 1960 Undertook for "The Daily Telegraph" a tour in Africa and wrote several articles on the subject. Produced a paper called "Notes on Communist Penetration in North and West Africa".
- 1960-61 Research into communist ideology, the history of International Communism and tensions within the Soviet bloc. This was then written up into a thesis.
- 1962 Wrote "Has Britain an Achilles Heel?", published by the British Movement for Freedom in Russia, 72 Elizabeth St., S.W.1. It is a survey of the work of British government departments and an examination of their terms of reference in meeting the challenged (sic.) posed by Soviet "peaceful co-existence".
- 1962 (sic) Accepted an appointment to be the Organising Secretary of the 3rd International Conference of the Political Warfare of the Soviets which was to be held in London. However, due to a change in policy, it has now been decided to hold this conference in Berlin. The appointment was, therefore, terminated.
- 1962 (sic) Prepared in book from the above-mentioned thesis which is to be published in 1952 under the title of "The Defeat of Communism" by Mrsrs. P.R. Macmillan, 107 Fleet St., E.C.4. It is divided into four parts; the first exposes the internal contradictions of Marxism; the second is a brief survey of the history of the resistance to International Communism in the now communist countries; the third is a resumé of tensions existing within the communist bloc and the fourth suggests how the West can assist the opposition movements inside these countries from abroad.
- It is contended that defensive measures alone will never protect this country in the long run from the Communist challenge, and that it is, therefore, necessary to launch offensive political warfare at the heart of the opponent, namely the Soviet Union and China. The bibliography contains some 500 books.
- 1962 (sic) At present employed as a writer on communist affairs for the Free Central European News Agency (F.C.I.).
