Summary of pertinent information:

1. Source . . . appeared to be in his usual garrulous, gossip form, eager as always to chat and to maintain a contact with an American official. . . We were regaled with the troubles besetting the "Committee", its internal dissensions, the intransigence of CRETZIANU and VISOLIANU, and the difficulties resulting from the withdrawal of financial support by the National Committee for a Free Europe — (according to source, really a cover for the State Department). The RADESCU faction is apparently in a bad way financially as a result of this action, as well as a rumored similar move on the part of MALAXA.

This is all the pertinent information on subject in this document.
