MICROFILMED

DOC. MICRO. SER.

1. Subject was under Stage I interrogation from 14 June to 21 June 1955. During this period subject showed himself to be reliable and trustworthy with regard to matters of intelligence interest. DS-636 was not LOFLUTTERED because he is an exile from Czechoslovakia, presently a stateless person, but entitled to German citizenship upon application. Under existing West German law LOFLUTTER is illegal. Subject voluntarily agreed to cooperate with CABEZONE and prepared a statement to this effect in his own handwriting. Subject's personal belongings, i.e., clothing, various papers and letters, were checked by MKTOPAZ for s/w and other possible intelligence aids. These checks revealed no derogatory information. Subject appears to be most knowledgeable on subjects of interest to CABEZONE. Up to the present time no evidence has been uncovered to indicate that DS-636 is practicing deception or is under the control of any opposition intelligence service.

2. Enclosure A is a complete PIR questionnaire. On the basis of this questionnaire RC-2888 was prepared and distributed. Enclosures B and C are respectively photographs and fingerprints of subject.
