Hello dear Hertina!

With a big joy I received your letter with New Year's greeting. Thanks for that. I'm glad that you and all acquaintances still are in good shape. We also are all the same and struggle against the old age.

Because I am busy and there is much work, I will not write any details about our life, but in the near future I'll send you a long letter in which I'll describe more about our life how we live here.

This time give my love to all my friends, especially Veltaš with Inta and all exadmirers.

With greetings

Ilmara
