MEMORANDUM FOR: SR/COP/PI

SUBJECT : Overt Letter from AECOB/4, dated 10 February 1955

The subject letter from AECOB/4 was received at Headquarters on 4 March 1955. It has been tested for both of the S/W systems available to him, but no results were obtained. It is believed that in sending this letter AECOB/4 was too cautious to use S/W, and fearing a possible provocation is attempting to establish the bonafides of CAMBARO/2.

Translation of overt letter from AECOB/4.

Riga, 10 February 1955

Dear Herta :

Many thanks for your letter. I had waited for it a long time and had almost lost hope of hearing from you.

My life is going on the same as before, only I am getting older and feel sad about living for no useful purpose. However, I still feel alert and able to work.

Our old friends continue to visit me, we meet often and all of them, such as Gunars, Eriks and Janis, send their best greetings to you.

After many years I again received news from (CAMBARO/2), who has already written me two short letters. That made me very happy, for you will remember what good friends we used to be. From all indications (CAMBARO/2) is just as active as ever.

I will close this time and will wait for a reply from you,

With many greetings to you and your friends,

Your * Ilmara * RUPNERS, ILMARS
