TO :                      Station, Karlsruhe  
FOR :                       
FROM : Chief, MUCUM Liaison Section

DATE: 22 June 1948

SUBJECT: GENERAL - Operational

SPECIFIC - SCHMAALSCHLEGER

1. Subject, our old friend, who has served as a living reference section for ECIC (MISC), Oberursel, is about to be released by them since they feel they have exhausted his background knowledge. As you know, subject directed the preparation of the MISC report on the activities of Leitstelle III Ost, and the foreign activities of MGB and MVD. He has recently directed the preparation of an interrogators' guide which should be forthcoming very shortly from ECIC, and is now working on a final study of Russian methods of recruiting and training agents in the various countries in Europe and the counter measures which he advises rival intelligence services to adopt.
2. Subject will be occupied as per the above until approximately 1 July, 1948, shortly after which he will leave Oberursel for his home in Nurnberg where he has a factory of some kind.                      who was in to see us on this matter recently, suggests that this organization devise a method of keeping in contact with subject after his release.                      do not wish to employ him full time, since, according to                     , this man has so many intelligence contacts and so much intelligence ability, that he will not be able to stay completely out of the                      field even should he wish to do so. Subject has requested of                      that he be put in contact with a reliable American agency and be given an address to which he could report the information which comes to his attention.                      suggests that we have a man see SCHMAALSCHLEGER prior to his departure from ECIC to lay on a contact point. Subject can be contacted through Mr. RAPP,                     's replacement.
3.                      feels that since subject is one of the best UI men available to us in intelligence, he should not be completely lost from view.
4. Please advise us of any action taken on this matter.
