I passed @KUTZBACH the yellow and photos on Fall MONOGRAM, and @KUTZBACH was most impressed. He also felt that picture #1 was very much like the photo of ZDARSKY. @GRAM (Subject) has a meeting scheduled with the CIS in East Berlin at the end of May 1963, and @KUTZBACH hopes that this will prove interesting. Strangely enough, the Czechs are sending still a different case officer to the meeting, and @KUTZBACH can't understand this.

@KUTZBACH added that KLOSE has been surveilled by UPHILL, and that the surveillance has established that KLOSE takes the S-Bahn into East Berlin, usually after he has changed into old clothes.

GOTTIAROVE is now living in Dresden and is very unhappy with life there. She has written that she much prefers Czechoslovakia, and UPHILL hopes that when (and if) she comes to the FedRep that they can approach her with some measure of success.

@KUTZBACH added that a Fm KLOSE has some sort of contact with the MFS and commented that wouldn't it be nice if he could establish that the two KLOSE's are identical. (This will be reported by EGMA after receipt of UPHILL reply to our yellow.) I said that I was sure the pictures are not more than a year old and added that our Vienna people are also convinced that ZDARSKY and FROUS are the persons involved.
