CATIDE D/A Operations in [ ] [ ] & [ ] [ ] 9 Sept. 1964  
 a Neutral Country w/@PETERSEN & @DOELLNER

PETERSEN then told us that he had a special request to make. He said he had a fairly smooth running D/A operation which had recently produced a legal resident in a neutral country. Since he had some suspicion about the sudden "luck" of his "agent" he wanted an independent check of the operation. For that purpose he needed an unobtrusive monitoring device suitable for use in a restaurant. Since in the famous July conference, Chief, TSD/Frankfurt, had shown them a Peppermill, which would just perfectly fill the bill, PETERSEN asked for a loan of the mill for 3-6 weeks. (For details see Telenote filed CATIDE-MO/CI/CE). We promised to try and get it for him.
