Printing of the Telegraf in the U. S. Zone

1. On 9 August the undersigned met with Mr. Leonard, Chief ICD, Hesse to discuss with him the proposition of printing the Telegraf, an exact copy of the Berlin edition as submitted by you while visiting this headquarters.

2. Mr. Leonard has given his approval in principle and requests that the undersigned supply him with one copy of the edition prior to its being reprinted in the U. S. Zone, also the name of the person who is editor of the sheet so that he can implement a printing permit through legal channels. Mr. Leonard has been given to understand that the Wiesbaden Kurier has agreed to let the editor of this periodical use their plant.

3. It is hoped that your station will provide this headquarters with an advance copy, such as printed in Berlin, so that a member from this office can submit the same to Mr. Leonard.
