Administrative  
CAMLET - Karlsruhe Holding Account

1. BOB has been holding one \$100 Greenback, BJ3963611A, for CAMLET for safekeeping. This note has been kept in a sealed envelope marked "for CAMLET" and kept apart from our operational funds. We have now decided to discontinue this method of handling CAMLET's deposit and to open an account in Karlsruhe.

2. On 6 October 1950 we entered the \$100 Greenback in our finance ledger as a receipt of funds from CAMLET.

3. Attached are the required forms for setting up a Karlsruhe Account for CAMLET. Karlsruhe will be notified by letter and a notation will appear in our finance report of any receipts or withdrawals for this account.
