SPECIFIC—Field Project Outline - CAMLET

1. CAMLET (ROSSON) is mainly a DYCLAVIER source.
2. maintains intermittent contacts with him for the sole purpose of eliciting his views on topical issues affecting U.S. policy vis-a-vis Eastern Germany, particularly in so far as they may reveal conflicting SPD and U.S. interests.
3. Without much hope for success, we recently enlisted CAMLET's support in the recruitment of a CABACK source in an important East Berlin target installation.
4. CAMLET strongly objects to the management of DTLINEN and is spearheading the attack against its head, NEWHAM. We find it useful to debate outstanding issues of this nature with him.
5. CAMLET was outspokenly critical of the way the SPD handled the EDJ debacle and expressed regret that we had failed to enlist his advice and support as a moderator.
6. Expenses are exclusively in the nature of occasional gifts and entertainment. Unless productivity along lines of DYCLEMATIS so warrant, we prefer to maintain this project under CADORMA auspices.
