RE: DIR-22553

.....c. BOB reassessment of the use of CAMLET for  cover purposes. We are impressed with the value of CAMLET's cover assistance. We feel that it should not be over-used, that it offers possibilities for cover for third-country operations, and that, if the  arrangements are set, before any additional use is made, clearance should be received from Frankfurt and Washington where some balancing of alternative uses may be accomplished.
