INDEXING REQUIRED

UPSWING and LfV Operations Against
DEUTSCHE CHINA-GESELLSCHAFT

ACTION REQUIRED: None

1. According to CAHELM, Wolf SCHENKE and his DEUTSCHE CHINA-GESELLSCHAFT were the main topic of discussion at a recent conference of LfV representatives in Cologne. As a result of this conference the Hamburg LfV is making Schenke and the DCG a priority target. CAHELM said that the Hamburg LfV has always played down the importance of Schenke and the DCG, and only two or three months ago took its chief penetration of the DCG off the DCG target for another priority target. Considerable pressure was brought to bear on the Hamburg LfV representative at the Cologne conference, and in the end the Hamburg LfV was forced to change its position and agree to make Schenke and the DCG a priority target.

2. CAHELM said that UPSWING had recently started operations against the DCG with great intensity and the LfV was "tripping over UPSWING agents everywhere." CAHELM believes the LfV will make an issue of this with UPSWING and insist on its jurisdictional responsibility for the DCG as a domestic target. According to CAHELM, the LfV has had trouble with UPSWING before, e.g., in the case of fnu *ASCHENBACH (defense lawyer at the Nuremberg trials), an UPSWING agent who had caused the compromise of an LfV operation.
