1. In a dispatch of 17 February (ECMA-262) it was requested by Headquarters that a personal letter from GRALSPICE I's wife be delivered by hand to her mother in Memmingen, Bavaria.

2. As the letter contained nothing of a sensitive nature security-wise and as Memmingen is a full day's drive from Munich, we feel that any further letters that may arrive could be delivered through the German mail service without breach of security. If the letters contain information which requires added security measures, they will, of course, be delivered by hand.
