The following is an extract from FBI Report, DFB 75875, dated 4 January 1957, re LASZLO SZELECZKY, wa., Wassily Leshenko, and is of interest to SR/9 due to reference to Sergei SCHEBALIN:

"Upon his arrival at the Minneapolis-Honeywell Regulator Company since he could not speak English but did speak Hungarian, Russian and German, he was turned over to one Sergei SCHEBALIN, a company engineer who is a Russian refugee and has been in the United States for only a few years. SZELECZKY stated he was required to fill out a form with background information (the "Immigration Alien Registration Questionnaire" as set forth below in this letter). He stated since he knew nothing about the background of the Russian engineer who helped him fill out the information on the form he furnished some false information. He said that he only wanted the proper officials to know of his background, and that he had furnished false information only because he did not know whether he could trust SCHEBALIN."
