PERTINENT INFORMATION			
<p>1. This report is supplementary to the report of 24 June, and covers the operation from that date to its conclusion 11 July, 1945.</p> <p style="text-align: center;">...</p> <p>...According to a courier report from Timisoara (Timisoara), Mihai (Zboria SIA) is supposed to have sent through the following to the radio station there: "Continue activity as before. The forwarding of material will take place in a short time." Since then there have been continual inquiries from the head of the Iron Guard, as to whether or not I have received such a message. I consider a message clearing this up as a pressing necessity in order to avoid a possible denunciation or even an incorrect orientation of a faction of the Iron Guard. My work with the Iron Guard and the other resistance circles, is, as before, good." We signalled: "Please make known your most important sources of information and circles."</p> <p style="text-align: center;">...</p> <p>6. Again on 3 July Bucharest came up with the message: "We have collaborators in all ministries in leading positions as well as in the army and all political parties including the Communists. We draw information also from the head of the Iron Guard, which possesses its own net...." We sent: "A sum stands at your disposal in Switzerland as before...There is no trace of Mihai...."</p> <p>...On 7 July contact (with Bucharest) was more successful, and we received the following: "...Timisoara formerly had contact sporadically with Frontaufklarung (Lt. Piff). Couldn't it be possible that Mihai had gotten from them the frequency and traffic times? From a report of the survivors of the second plane of the "Gill" undertaking, it is known that Mihai of the day of the starting of the flight took leave at the airport at Linz. There is no trace of Mihai's plane. Is it possible that Mihai started from there with the? (Continuation) We will continue to make inquiries. Nothing is known here except the actual questionable telegram. If Mihai isn't there, what is going to be the method of your work with the Legion, and how should I behave in relation to these inquiries?"</p> <p style="text-align: center;">...</p> <p>10. 13 July Bucharest was sent a similar "stall message" saying: "Keep your contact with the Iron Guard as far as intelligence matters, but be careful tactically, in order that no danger to your organization can arise. This holds true especially for the Resistance Groups. The possibility of Mihai's flying along with the others, and of a message from him is completely ruled out."</p> <p style="text-align: center;">...</p> <p style="text-align: center;"><b>THIS IS ALL THE INFORMATION PERTINENT TO THE SUBJECT IN THIS DOCUMENT.</b></p>
