"Page 5..." <p>Our relationships with the Legionaries are very bad. I refer to those Legionaries who are obedient to Horia SIMA. After they saw that their variegation methods could not fool us, they gave up the idea of using any cover and are now working full blast, using their classical methods which don't differ at all from the Communist methods. They resort to the dirtiest means and stoop to the most obscurantist conceptions. Being the first to unmask them, I have been declared their No. 1 foe. There has been talk of the development, among them, of an opposition to SIMA, whose policy has isolated them and has called for the adversity of the Western Powers towards them."... Romulus BOILA</p>			
"Page 4..." <p>10. Informant commented that the relations of the National Peasants with the Iron Guardists led by Horia SIMA are very bad. After the Iron Guardists saw that their earlier tactics produced no result, they dropped the mask and now use methods that in nowise differs from those of the Communists. There is much talk in France of the support that the followers of Horia SIMA would give to General Radescu if he attempts to form another National Committee. Up to the present, however, no direct contact has been established with Radescu for this purpose. It appears that General Radescu fears that, should he accept the support of Horia SIMA, he would estrange himself from the Americans."...</p>
