Attached please find 1860 English pounds which were given to us by Agi CELINYE. CELINYE was recruited by an SD agent WICHMANN in December 1944. His job was to exchange British currency for gold, other foreign currencies and all sorts of valuables. Later CELINYE worked for WENNINGER who replaced WICHMANN in Bratislava.

CELINYE was born in Bratislava in 1922. He is now living near Bauerberg, Simsee. He received the 1860 pounds as a commission for his work.

This office would like to have the banknotes tested to see if they are genuine.

A detailed report on the whole operation and a statement by CELINYE will follow. This is part of the RSHA Financial Operation.
