FROM: CONSPIRACY/TTPPELING  
Propaganda Leaflet from A. FABANOW

REFERENCE: EGMA-42614, 14 September 1971

[ ] files contain no information on the purported author of the pamphlet transmitted with reference, A. FABANOW. The thrust of the pamphlet takes a passing swipe at TTPPELING, but is basically directed against Ukrainian emigres operating in Munich, notably Jaroslav STETSKO [ ] The names are well known but seem to be pretty ancient history. The allegations that Ossip WERGIN (VERHUN, Oszyp [ ]) Ferdinand IURCANSKY [ ] are affiliated with CATRIE are accurate as are the two aliases attributed to STETSKO.
