Monthly Report on Operational Developments.

Alleycat-14.

This Latvian has had many years experience in intelligence work and, while he is newly arrived in Brazil, there is every reason to believe that he will eventually do a creditable job among the Baltic colony. However, while awaiting operational clearance from Washington, Alleycat-14 was hired by the Political Police at CR\$3,000 per month. It is hoped that at least some of his reports will be made available to us through them. It is planned to use his services on a spot information basis when the occasion arises.
