A copy of the English edition of a book on the Stashinskiy case, Murder to Order (London, 1965) by Karl Anders, is attached. The book relates directly to the topic which interested the Senate Subcommittee on Internal Security last year. The Sub-committee covered the results of their hearings in a publication entitled Murder International, Inc.

It would be our desire that you pass a copy of the English edition of Anders' book to the Subcommittee for information and study.
