SUBJECT: GENERAL— Operational/HARVARD  
SPECIFIC— CABALETTA 2 - PL 203 Processing

Reference: Telecon  71-  Feb 55

1. Please find attached completed KUSODA investigation and supporting papers for Subject who is being processed for immigration to PEPRIME under PL 203 with a welfare agency assurance.

2. Together with the above investigation we are forwarding Preliminary Questionnaire and character assessment. Other documents already forwarded in this case are:

- a. Medical examination - EGQA 70382 dated 1 November 1955
- b. LCFLUTTER - EGQA 35092, dated 10 February 1954

3. It is believed with the submission of the above documents HARVARD/FRANKFURT processing of this case is completed. However, because the LCFLUTTER is over two years old Headquarters may require a second one. If so, please notify us by cable and we will arrange same.

4. In addition to the PL 203 we are processing Subject under the normal German quota for which he is eligible through his marriage to a German girl in February 1956. However, it is suggested that this PL 203 processing be continued until completed and Headquarters notify HARVARD/Frankfurt when the file is ready for CDACID. It is possible that through some unforeseen circumstance his emigration under the normal German quota will not be realized and we want to be prepared with an alternative. We are aware that his PL 203 processing does not include his wife, but to preserve Subject's good will in case of future KUBARK needs, it is felt that KUBARK should follow through on its original commitment. Our commitment does not include his wife. Once he gets to PEPRIME he can bring her over under the normal German quota.
