Last reporting 20 June 1955 - SSS-55-271 Date 20 June 1955
doc number

Are there KAPOK, RYBAT or OS docs? Yes

Carded in CE/E/U prev. to 24 July 56 by verified by WDP
date initials

Retired to RI (if applicable) date initials

Other pertinent data: This has never been run against an intelligence service, but rather against Poland and Polish and East German personalities. ROHR is the leader of a East German pro-Polish Communist group, and this case has CE implications only in so far as it is believed that ROHR could not have attained his present position without connections in high places, and hence bears watching. To date his information has been limited to observations made while on trips to Poland.
