1. CAECTOMY-18 has been put on spare time basis with us and his salary reduced from DM 600.00 to DM 200.00 per month. On 28 October 1959 *[]* told Subject that due to general cuts in the Army budget and the fact that he was not always kept busy, he was to be reduced to part-time status effective 1 January 1960.

2. Subject received this news with apparent relief, and seemed to be happy with the prospect of a job which would take his full time and give him an overt and normal employment. On about November 15 he landed a job in the shipping department of Neckerman Versand K.G. in Frankfurt. He had been given a certification of termination of employment from our cover organization, discussed below, which indicated that his engagement with us ended effectively on 31 December 1959. Therefore, he is on a probation basis with Neckermann. However, there is every indication that the job will be permanent and satisfactory from the point of view of both parties.

3. Since the beginning of his employment with us he has been on a salary of DM 600.00 per month. In addition, it has been the practice to reimburse him for his taxes and insurance and his telephone, which he obtained in order to remain on call for us. Insurance and taxes have run DM 101.25 per month, and telephone between DM 30 and DM 40 per month, and will now be eliminated. In addition, we have maintained an office for CAECTOMY 18 -- the same one which was originally procured when he started with the defunct CATADPOLE activity. Rent, phone, electricity, and maintenance on this real estate has cost DM 160 per month. The landlord is now converting the property to a regular apartment and we have dropped it. The result of the dropping of the above expenses amounts to DM 682.00 per month from the FOB budget.

4. At the same time, the effectiveness of CAECTOMY 18 is not significantly reduced since most of the work he has done for us in the past six months can perfectly well be accomplished in his spare time. Specifically, Subject has agreed to hold himself available for us at all times when he is not tied down by his job with Neckerman. Furthermore, as was reported in FROB 5651 of 29 October 1959, he is now serving as accommodation address for non-operational correspondence from Poland in support of *[] []*

5. We believe we lose virtually nothing by the change in the relationship with CAECTOMY 18. Furthermore, his morale at the moment seems to be greatly improved as a result of being busy and having a job which is normal and which requires no evasion or fabrication vis-a-vis his friends and relatives.

6. A revised Memorandum of Oral Agreement is being forwarded via a separate dispatch.
