Under his own auspices, subject is making a trip on 20 April to Auerbach and the environs. He also plans to visit friends in Tannenbergstal (31), Plauen (Zobiss, Ganzgrün, Phöl, Altensalz, Neuensalz, Jocketa), Lengenfeld, Sachsenberg (14b), Klingendahl (14b, 25), Radiumbad/Branbach (25) and Bad Elster. He has no East Zone pass and travels black using in this area a Wismut pass as a miner (Obersteiger). Furthermore he has a pass entitling him to visit the pits (Schacht-pass).

Subject claims that he is making this trip for his own satisfaction with no backing from anyone principally to keep in touch with his friends who are still working in this area. With no prompting from me, he went on to say that at some indefinite time in the future war would come and that he and friends would be there to fight as partisans. In his group, which I have not yet discussed at any length with him, his comrades are trying to hold out. Among them there may be some of interest to us. Before talking with him again, would like to know if we have any particular interest in any other places or people he is to visit.
