DISPATCH NO. MOB-A-10300

**SECRET**  
CLASSIFICATION

TO : Chief of Station, Karlsruhe

DATE: 10 October 1951

FROM : Chief, BOB

Attn: [ ]

SUBJECT: GENERAL—

SUBJECT— Transmittal of Raw Report on Ore Movements from Czechoslovakia.

1. The attached raw report, prepared by CAMBIO from a sub-source, is transmitted to [ ] for disposal. Since it is not a complete picture of ore shipments from Czechoslovakia in the period covered, it seems unnecessary to translate into report form.

2. Although CAMBIO came through CARRIAGE moderately well, he has been removed from the RHAPSODY field because of poor and it seems likely false reporting. He will, however, be instructed to obtain better photographs of the reported generator located underground in the Schneeberg area (MOB-11800) in order to clear up the many questions posed in MGK-W-10599.
