29 August 1945

To : AB 012, MUNICH
Info : OPERATIONS
From : AB 016, AMZON *98/046*
Subject : Summary of Preliminary Vetting: WIRSICH

1. Reference is made to our Summary of Partial Vetting, dated 23 August, #2495.

2. In today's cable to you we refer to Berlin's substantial confirmation of WIRSICH's story. Attached is Berlin's cable 384, 29 August 1945, giving details which we based our cable.

3. It will be sometime before we hear from London regarding WIRSICH's references there for London faces a difficult problem tracing them. Meanwhile it would appear, as AB 030 concludes, that WIRSICH has been telling the truth and is probably, despite the fantastic character of his story, quite reliable.

4. We regret the delay in replying to your outstanding vetting requests. The reasons are not entirely clear but possibly include VJ Day and both London and Washington have been slow in answering. We have expedited every single outstanding case and therefore hope for some action soon.
