Y.P.

Reference Amzon 536 of 23.6.45. on VERNUNFT. It is noted that para C refers to ZSCHUNKE, whom VERNUNFT states attended a meeting at Munich on 18th April. This ZSCHUNKE is of course identical with ZSCHUNKE who was recently reported as having contacted FRANCE in Brussels. In view of this latter aspect, no doubt you will wish no reference to be made to ZSCHUNKE in our comments to the Field on VERNUNFT's information.

It is interesting to note that MORDELL is stated in Saint Caserta 2614 of 21st June to have attended a meeting at Munich in the middle of April 1945. Para 2 of this telegram states that an unknown SD Gruppenführer presided at the meeting and indicated that Ant III B and IV were to be fused to promote post-war unrest. As a result of this meeting MORDELL was sent to Spain via Italy with the ultimate intention of reaching France to carry out his mission.

There may of course be no connection between the ZSCHUNKE operation and that of MORDELL, but at the same time it is worth while bearing in mind that both missions resulted from meetings held in Munich on presumably the same day. Much would depend on the identity of the SD Gruppenführer who presided at MORDELL's meeting.

I should be glad to have your comments on the reference to ZSCHUNKE in the VERNUNFT telegram mentioned above.
