

Major C
Major C

The attached should take care of our friend alright.

In addition to this I have made arrangements with Lieut King our Transportation Officer that will permit Molnar to ~~be~~ draw gasoline and oil at OUR motor pool. This will keep him away from any other petrol station. For the first few times when drawing gas and oil he may have to show his letter of identification but as soon as they are acquainted with him he will have no trouble at all.

LEK

*Letter identification delivered
to Mr. Molnar 7 July 44*

*file (Hungary)
WMC*
