

HEADQUARTERS
2677TH REGIMENT OSS
APO 512 US ARMY

5 January 1945

TO: Chief SI and
Chief SICE
FROM: Esolt Aradi
SUBJECT: Moly

It is suggested that the necessary steps be taken, in case of the presence of an American unit or mission in Hungary, to evacuate Moly at once.

2. Moly is already familiar with OSS and has been trusted with an important mission. It is supposed that Moly could later be one of the best sources of intelligence from the Vatican, given his very good connections, his activity in the Austrian underground, and his personal friendship with me. Subject is a realistic man with strong political interests and devotion towards the Hapsburgs. Subject was for a long time Chaplain of Empress Zita in exile, knows also Otto Hapsburg and was connected with them until 1944 through the Vatican. If nothing else, we could control through him (Moly) this part of the Vatican activity.

3. Moly's political interests suggest that he remain in contact with American authorities, and that he is willing to collaborate in the hope that this kind of collaboration would help Hungary and the Hapsburgs - later.
