Mr. Zsolt Aradi, Consultant  
Salzburg, Austria

Dear Zsolt,

You will note that you have been rehired by a new government agency at a figure somewhat lower than the salary you were formerly receiving from SSU. This is no reflection on your work which is entirely satisfactory. Rather, it reflects a trend which has been increasingly noticeable during the past year of cutbacks in wartime salaries.

You will understand that the Government cannot operate in peacetime on the same budget employed during the war. The fact that you were the last man on our wartime scale to take a salary reduction reflects very much the appreciation we all have for your work.

We hope you will keep it up in your customary fashion. Your work becomes more valuable through the years.

*Sincerely,*

Alfred C. Ulmer, Jr.

Note to Wash: Aradi's salary has been reduced from \$400 monthly to \$300 monthly. Pouch 736
