Subject: Rewriting by the Original Working Committee as
a Proposed NSCID #7 Proposed DCI 1/6 of 30
October 1947, "Domestic Exploitation"

Enclosures: a. List of Representatives of the Member Agencies
on the Original Working Committee

b. Redraft of the 30 October 1947 Proposed Directive

The Interdepartmental Ad Hoc Committee which has been redrafting the National Security Council Intelligence Directives and Director of Central Intelligence Directives, considers that the proposed Director of Central Intelligence Directive 1/6, "Domestic Exploitation", of 30 October 1947, should be rewritten in the form of a National Security Council Directive. It was decided that this cannot be done until further consideration is given to the matter by the original working committee which prepared the earlier drafts of the paper.

Because of the necessity of submitting the final draft of this proposed directive to the Executive Secretary of the National Security Council as soon as possible, it is suggested that a meeting of the original working committee be held on Monday, 22 December, at 2:00 p.m. in the ICAPS Conference Room, No. 7117, North Interior Building. The representatives concerned of the respective Departments on the working committee are listed in the enclosure.

This document has been
approved for release through
the HISTORICAL REVIEW PROGRAM of
the Central Intelligence Agency.

PROPOSED

NATIONAL SECURITY COUNCIL INTELLIGENCE DIRECTIVE NO. 7

DOMESTIC EXPLOITATION

Under the authority of paragraph 7 of National Security Council Intelligence Directive 1:

1. The Central Intelligence Agency shall be responsible for the exploitation within the United States of business concerns, other organizations, and individuals as sources of foreign intelligence information.

2. To implement this undertaking, the Central Intelligence Agency shall:

a. Determine the foreign intelligence potential of sources so that the best available may be selected expeditiously for exploitation upon the receipt of collection requests from the intelligence agencies.

b. Establish uniform procedures and standards for the security clearance of contacts in this field for the guidance and control of all pertinent agencies, including a provision for Central Intelligence Agency clearance of all proposed agency contacts.

c. Establish in compliance with the third proviso of Section 102 (d)(3) of the National Security Act of 1947 uniform procedures to insure that the interests of individuals and organizations contacted will not be jeopardized.

d. Collection through the establishment of inter-agency field offices within the United States, foreign intelligence information required in the interests of the national security or by the individual intelligence agencies.

e. Arrange for direct contact between intelligence agency representatives and domestic non-governmental sources whenever conditions require such action or upon the request of a member agency to secure technical or other foreign intelligence information.

f. Obtain and maintain the overall cooperation of individuals and of responsible policy-making officials of organizations having a foreign intelligence potential.

g. Inform the intelligence agencies of the prospective departure from or return to the United States of selected American citizens having a high foreign intelligence potential, so that the agencies may furnish requirements or provide specialists for briefing or interrogation.

h. Disseminate to the appropriate agencies all foreign intelligence information obtained through this program. Reports produced by the agencies shall be identified as such.

3. Further to implement this undertaking, the intelligence agencies shall:

a. Assign to duty in the Central Intelligence Agency field offices, within agency capabilities, representatives to serve the interests of their respective agencies, under the direction of the CIA managers.

b. Send directly to the Central Intelligence Agency for collection of all their requests for foreign intelligence information from domestic non-governmental sources.

c. Transmit to the Central Intelligence Agency for appropriate dissemination full information and reports resulting from approved direct contacts by agency representatives with domestic non-governmental sources, identifying such sources by CIA code number.

d. Transmit to the Central Intelligence Agency for editing, for source security, and for appropriate dissemination all foreign intelligence information which has been received by the Department of State, the components of the National Military Establishment, and the Atomic Energy Commission as a by-product of their normal relationship with American business concerns and other organizations in connection with non-intelligence activities.

e. Make available to the Central Intelligence Agency all information now possessed or subsequently

Subject: Consideration of DCI Directives 1/5 and 1/1 of
30 October 1947

1. Reference is made to the Ad Hoc Committee established on 20 November 1947 to redraft the Proposed National Security Council Intelligence Directives under the Security Act of 1947 to replace the former RIA Directives.

2. These proposals were submitted to the National Security Council on 12 December 1947. With a very few changes, it is understood that the National Security Council will issue at once NSCID No. 1, 4, 5, and 6. NSCID No. 2 and 3 are having the matter of air intelligence handled by the Secretary of Defense and should in all probability be issued in the near future.

3. It is requested that the Ad Hoc Committee redrafting the Proposed Directives meet at 2:00 P. M. on Tuesday, 6 January 1948 to give consideration to DCI Directives 1/5 and 1/1 of 30 October 1947. As soon as possible this Committee should also give consideration to DCI 1/2 of 30 October 1947. But since this last one is based upon NSCID No. 2, it is thought that this DCI Directive should not be drawn up until after that NSCID has been issued.

4. As suggested by the Ad Hoc Committee on 24 November 1947, the Proposed DCI Directive 1/6 of 30 October 1947, "Domestic Exploitation," is being given consideration in the meantime by the original interdepartmental working committee which handled this subject with the view towards drawing up a coordinated paper as Proposed NSCID No. 7.
