OUR REF. NO. 4684

2 August, 1947.

Mrs. Doreen Lonborg,  
Suite "B",  
Washington Hotel,  
WASHINGTON, D.C.

Dear Doreen,

General Chennault turned over your letter of July 17 to me for reply.

I enclose a copy of my memorandum to Freeman, who is our Personnel man, which I think takes care of most of the problems in your letter. Let me know whether or not you get satisfactory service as a result.

It is terribly hot out here and as usual things are somewhat hectic. However much progress is being made, particularly in the establishment of the Shanghai base and in solving our problems as to housing and office space.

We have a swell setup for the pilots. We have now an office which we will move into next week which will give us a whole floor of the North China Daily News Building at No.17 The Bund. In your next letter you should use the address, 7th Floor, 17 Bund, but just in case something happens between now and then put the alternative address (the old office) as well.

We have gotten another small house which will take care of a large number of our mechanics in Shanghai and we have finally taken possession of all the buildings at Hungjao airfield from C.N.A.C. and have reconditioned them so that things are really straightening out that way.

Confidentially on Wise the General and I want you to keep friendly with him and keep him up to date with the progress of the airline now that you are on the official mailing list for reports and things of that sort. I do not think that Dick

2.

will ever be back out here with us but I know he hopes someday, somehow, to arrange it. When he left the old man told him that if circumstances permitted he would be glad to have Dick rejoin us but personally I do not know how much of that was softsoap and how much was business. Accordingly use your own judgement but do not let Dick feel he is being left out.

Best regards,

*Whitney*  
WHITNEY WILLIAMS.

MEMORANDUM No. ....

Date:

To : T. Freeman, Director of Personnel.  
From : Whiting Willauer.  
Subject: Home Allotment list for G.A.T. Washington.

1. Please send immediately to Doreen in Washington a copy of your home allotment list and each month when you send it in to UIRRA send it also to Doreen. She is going to try to institute a system to check up whether or not the home allotments are being received.
2. Doreen complains that we do not send her data of personnel returning to the U.S. She has some sort of letter from Myre and she had no knowledge of his discharge. She is very anxious to get her personnel cards in order and I think you should institute some sort of system whereby she has at least a minimum of personnel information in her office.
3. Generally speaking whenever we send a man back to the States you should give Doreen a short history as to the reason for return, amount of money due the man if he is to be paid there and some authorization from us to make payment.
4. Doreen radios that UIRRA advises that we owe them US 6,002 on account of December and February allotments. Please verify this figure directly to Doreen with a copy of letter to my office.
