June 14th 1948

1. Sidney Chalet (sp?) called General Wright. When he was told General Wright was out of town, he asked to speak with DCI. Call was transferred.

June 15th

1. Mr. Blum called General Wright. WCF took the call. Mr. Blum stated that Secretary Forrestal had received a letter from [redacted] some Lithuanian groups in the U.S. [redacted] offered their services to the Secretary of Defense. Mr. Blum asked if we were interested in this man and his groups. WCF passed this man's name and address (Hempstead, L.I.) with the above info. to SO, OO and I&S and asked SO and OO if they were interested.

2. [redacted] called and wished to speak to General Wright or [redacted]. He stated he was very interested in a memo he had sent DD on 12 May 1948. He stated he would come up and see [redacted] about it. I told him I would check with [redacted] first and see if he knew anything about the memo. Ray stated he thought it was re employment and he did not care to meddle, so I called [redacted] back, told him [redacted] was not familiar with the memo, and would he please call [redacted] on July 13th or 14th, when she would be back in the office. (Later [redacted] called & talked with [redacted] and was informed that his report had been read but that it embodied no new ideas--that the subject had been under consideration for quite some time.)

June 16th

1. Col. John H. Hines (Sterling 8000, Ext. 448) called General Wright. Stated it was personal call - no one else could help him.

June 24th

1. Miss Georgie Light Riddick came to the office and stated that General Paul had sent her here to see General Wright - his secretary had made the appointment one hour previous. On talking with her, it is thought possible that the secretary just gave Miss Riddick the address of this office, for no telephone call was received from Gen. Paul's office. She stated she was trying to get some word of her fiancée. WCF and Col. Shannon were in meetings, so she was referred to [redacted] who later stated he was not able to get the information she was requesting.
