JULIUS OCHS ADLER
GENERAL MANAGER

September 23, 1950

Dear Bedell:

With so many matters constantly coming to your attention, I am taking the liberty of reminding you of a short conversation we had at Pine Camp regarding my younger cousin,

..... is presently a member of C. I. A. and at the time I mentioned that fact you expressed interest in him. He is an able chap, and if the opportunity presents itself for you to have a few words with him, once you are in Washington, I am sure you will form a similar judgment. He and his younger brother, who is an editorial writer on The Times, have been more or less my two wards for many years, following the death of their mother and father, and I have attempted to steer them through their education and subsequent careers in the guise of an older brother or even a younger father.

In appreciation of your interest in and with best regards,

Yours faithfully,

Lieut. General W. Bedell Smith
First Army Headquarters
Governors Island 4, New York
