Director's Meeting

Tuesday, 3 July 1951

□ HR70-14

[REDACTED]

The Director stated that he felt that Mr. Wisner and General Wyman should spend some time in the field and visit their respective stations.

Mr. Dulles reported that an Acting Chief of the Latin American Division would be appointed. DCI again mentioned that he thought General Willoughby would eventually be the best candidate.

Mr. Dulles reported that the Director of Naval Intelligence approved a CIA contingent at Pearl Harbor. He suggested that [REDACTED] might be sent out. DCI stated that he wished [REDACTED] had more rank and Mr. Dulles will reexamine the situation.

[REDACTED]

Mr. Dulles brought up the question of establishing a training base [REDACTED]. The DCI said that this should be done and that State Department should be notified that we are doing it.

Mr. Dulles reported that we had received no acknowledgement from State in regard to oil denial under NSC 26. DCI suggested that Mr. Dulles write State Department a nasty note.

Mr. Wolf reported that from now on our congressional liaison would be under Colonel Hansen with Mr. Pforzheimer assisting.

The Director stated that sometime after 4 July, at his convenience, there would be another budget presentation before the Senate Committee. In

~~TOP SECRET~~

DCI's, 3 July 1951 (Cont'd)

all probability, Mr. Jackson would lead off with a general talk on CIA organization; Mr. Wisner would do the O/PC presentation and Gen. Wyman would speak on O/SO; Mr. Dulles would give a summary of the various operations of his Offices; and the Director would finish up. (Might be well for the three deputies to confer on all the material that will be necessary for this presentation.) The Director suggested possibility of a chart showing all sources from which intelligence flows in.

The DCI expressed worry in regard to  and what possible action we could take to prevent his defection. He suggested that Mr. Dulles might take it up with the FBI and in any case investigate the matter and report back to him.
