DAILY STAFF MEETING

Monday, 27 August 1951

[redacted] asked that Colonel Hansen and Mr. Long see Mr. Lay today regarding the revision of NSC 68.

HR70-14

[redacted] noted that:

- a. The Director had indicated that he wanted no appointments made for Monday and Tuesday of this week, since he planned to visit some of our offices during this week. *period*
- b. The weekly cable which we had been receiving from [redacted] on the current world situation had not been received last Thursday. Mr. Long stated that he was working on this and that instructions regarding what we desired from [redacted] in the future were being prepared. [redacted] also stated that possibly a copy of this cable or similar information would be sent to G-2. [redacted] stated that any instructions to [redacted] should contain a definite statement that nothing should be sent to G-2 from [redacted] which was not sent to DCI.
- c. Mr. Jackson and Mr. Dulles, or Mr. Wisner, would attend the NSC Senior Staff Meeting today to discuss the Magnitude Paper.

Colonel Hansen stated that the DCI might be called to appear before the Senate Military Affairs Committee this week to discuss our new building. In all probability it would be the same type of discussion that the DCI had with Chairman Russell. Colonel Hansen noted that at this time it might be wise to brief Senator Byrd on the new building, [redacted]

[redacted] stated that Mr. Wolf had approved an increase in the [redacted]. The Bureau of the Budget has assured us that more than sufficient funds are available for this increase.

HR70-14

Mr. Long noted that State feels that we might be attempting to create another ORE if the organization of an intelligence support unit for [redacted] is approved. At the present time

we are thinking in terms of possibly to staff this unit. It was noted that while State is apparently unable to furnish the intelligence support required by these two offices, they are also unwilling to have CIA perform this function.

Mr. Long also stated that OIC was working on the problem of liaison between CIA and G-4. In the past we have used, on occasions, procurement channels for such liaison which has caused some concern in G-2.
