downgrading and declassification

PREFACE

This report is one in a series on Soviet Ground Force and logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small-arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

Zolotonosha Army Barracks is located in the northwest sector of Zolotonosha (Figure 1). The installation covers approximately 8 acres and contains 2 barracks/administration buildings, 4 barracks, 5 support buildings, 9 storage buildings, 2 support/storage buildings, and 2 vehicle maintenance buildings (Figures 2 and 3).

The installation was covered by 7 KEYHOLE missions between June 1961 and August 1964. Changes include the addition of a support building, 2 support/storage buildings, 2 vehicle maintenance buildings, and 6 storage buildings between December 1961 and June 1963. The installation appears active on all photography.

DESCRIPTION OF INSTALLATION

Road Service

The installation is served by hard-surfaced, secondary all-weather roads.

Administrative and Troop Housing Area

Area D contains 2 barracks/administration buildings, 4 barracks, and 3 general support buildings.

General Storage Area

Area E contains 6 long warehouse-type buildings, 3 smaller storage-type buildings, and 1 support building. Six storage buildings and the support building were added between December 1961 and June 1963.

Equipment Storage/Maintenance Area

Area J contains two 220- by 45-foot vehicle maintenance buildings and 2 support/storage buildings. All buildings were constructed between December 1961 and June 1963.

Athletic Field

A possibly associated athletic field and support building are located on the west side of the barracks area. The field appears to be active on August 1964 coverage.
