7 JAN 1976

MEMORANDUM FOR THE RECORD

SUBJECT: Sale to OMNI

1. At approximately 1730 on 6 January 1976 Paul Velte contacted Wayne Hilmer of OMNI Aircraft to try and determine what OMNI's intentions are regarding their pending purchase commitment with Air America. Paul expressed his concern over Air America's inability to get definitive answers from OMNI's Mr. Barnett on whether OMNI is actually in a position to proceed with this purchase and asked Wayne to clarify their position.

2. Wayne stated that OMNI still desires to proceed with the purchase but would not furnish any specific details as to what terms and conditions they might be looking for at this time. As a result, Paul suggested that they get together in his office on the 7th to try and work out a mutually acceptable deal. Wayne agreed to this proposal and said he would contact Paul on the 7th to set up a definite time for such a meeting.
