MEMORANDUM FOR: Deputy Director of Central Intelligence
FROM: Director of Central Intelligence
SUBJECT: Soviet Space Program

1. You and I talked about the desirability of an assessment of what the Soviets may be doing in space. This is at least the first step.

2. You mentioned my getting a briefing as to what the Pentagon sees as potential capabilities in this area. I would be interested in that and also in your opinion as to what we could usefully do beyond this.
