INFORMATION

MEMORANDUM FOR THE PRESIDENT

FROM: *for* COLIN L. POWELL *Paul A. Atwood*

SUBJECT: Background Film for your Moscow Summit Trip

The attached videotape was prepared by CIA as background for your forthcoming Summit trip to Helsinki, Moscow, and London. We have screened the film, and believe you will find it well-done, informative, and entertaining.

There are a number of errors in the running commentary with regard to your schedule and Mrs. Reagan's: first, you will be taping your radio address for May 28 on Monday, May 23, not on Saturday, May 28, in Finland. Second, Mrs. Reagan will not be walking through Red Square as the film states. Third, you will be attending a combined musical and ballet performance at the Bolshoi Theater on your last night in Moscow. These errors occurred because the schedule for you and Mrs. Reagan had not been fixed before the film was completed.
