Warsaw, November 18, 2008

Dear Mr. Hayden,

First I would like to thank you for your invitation which is already a great honor for me. I will be more than happy to present my film "War games" on Colonel Ryszard Kuklinski during the symposium on Preparing for Martial Law: Through the Eyes of Colonel Ryszard Kuklinski.

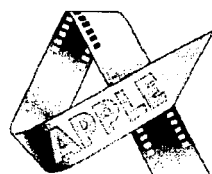

Of course this is only a film but I truly hope that when it will be presented around the world it will contribute to a better understanding of Colonel Kuklinski's role and of his cooperation with the institution that you are leading, to protect peace in the world. I also hope that the film that was made with a tremendous participation of former CIA people, will be received favorably by your guests and that it will also be an interesting element of the symposium.

Considering Colonel Kuklinski's extraordinary place in Polish nation's history, and a controversy it still raise in Polish society, which in important part is not conscious of Colonel's motives, let me take a liberty to ask you, Mr. Director, for a possibility of a participation of the representatives of Polish authorities in this important to all of us event. Especially that this proud symposium will take place two days before another anniversary of the induction of the Martial Law in Poland.

I am deeply convinced that if you will consider such a possibility it will be accepted with a true rejoicing. I would like to address a similar request concerning a possibility of a participation of the Polish media representatives who are already in Washington D.C., working as correspondents from United States.

I am in permanent contact with Ms. Joanna Kuklinska, and would like to ensure you that this is also her request. I am convinced that this would also be Colonel's will considering his sadness pain when he felt not being understood by Poles. I was working on that film for almost five years with hope that I'll be able to change it at least a little, and I truly appreciate a great kindness of those who are working in your Institution. I am convinced that if the symposium will be properly announced and publicized in Polish media, it could also play an important role.

FILM PRODUCTION

General, it is my greatest request to ask you and your Institution for help in this fight to restore Colonel's well deserved good name, by inviting Polish representatives and Polish media in such an important day. For a soldier, opinion of it's own Nation is sacred, and it was as much important for Colonel Kuklinski that Poles might understand his activity.

With hope that you will consider my request, I would like to thank you once again for inviting me together with my closest coworkers on that film to participate in this important event.

With expression of highest respect,

Dariusz Jablonski
