SMYFOPIA Request for Comment on Two Reports

The letter quoted below has been received from SMYFOPIA on this date. Comment by Headquarters is requested.

"We would be grateful if you would let us have any information you may have on the following two subjects which have come to our notice. The first is a report, rather vague and general, that two Ukrainians, alleged to be representatives sent from a resistance organization in the Ukraine, had arrived in Berlin and contacted your people there sometime around the middle of September. Recent disasters which we have suffered both in Poland and the Ukraine have put sufficient information into the hands of the enemy to make it tempting for them to try provocation tactics and we are therefore anxious to follow up any cases of arrivals from the Ukraine.

"The second point of interest on which we would be grateful for information is the report that (ARCAVATINA/1) is collecting together in Germany a party which he hopes to train and despatch to Poland or the Ukraine - to try to win over the groups in the field to support him. Any successful operation of this sort would jeopardise both (AECASSOWARY/1) and (ARCAVATINA/6) interests. It is rumoured in Munich that he is being helped in these projects by some Germany agency."
